

Babes With Bullets™ Ladies Action Shooting Camp (Combination PH101 & PH201)

DATE: June 27-29, 2011

PLACE: Albany Rifle & Pistol Club, 29999 Saddle Butte Rd., Shedd, OR 97377.

DIRECTIONS: Go to the following website to view a map and complete written directions. www.arpc.info/map.php

AIRPORT: Portland International Airport (PDX) is approximately a one hour drive from the range.

LODGING: To be announced. Traditionally, we stay rent condos or houses within easy driving distance of the range.

Your registration fee covers GROUP lodging. Those who choose to utilize the group lodging often must share a bed or in some cases sleep on an air mattress. More importantly, you will likely be sharing a bathroom with at least six other women. If you choose to make other lodging arrangements we should be able to recommend a nearby hotel. The cost of camp remains the same even if you don't utilize the group lodging. We strongly encourage campers, even those who are local to the area, to spend the evenings with the group.

FOOD: Our camp cook makes most of the lunch and dinner food purchases before you arrive but we will do some shopping after we have conferred with all campers. We will make sandwiches or wraps for lunch at the range each day. Each evening we will gather at one house for dinner and to discuss the next day's activities.

The ladies in each house will see to their own breakfast needs. I suggest you wait to meet with your housemates to determine what breakfast items you may need so that you don't end up with multiple purchases of the larger staples such as bread, milk and cereal.

We will have water coolers at the range. You will be responsible for purchasing your own beverages such as soft drinks, sports drinks and alcoholic beverages.

ALCOHOLIC BEVERAGES: Needless to say, guns and alcohol don't mix! You are welcomed to enjoy an alcoholic beverage in the afternoon or evening after all shooting has ceased. Absolutely no alcoholic beverages are allowed on the range premises.

CAMP DESCRIPTION: This will be a combined Practical Handgun 101 and Practical Handgun 201 camp. Students will be divided into groups according to skill level and experience.

Practical Handgun 101 (PH101) camp is right for you if:

- * You have never fired a handgun before.

- * You have a “D” classification from the United States Practical Pistol Association. You have a Novice or Marksman classification from the International Defensive Pistol Association.

Practical Handgun 201 (PH201) is right for you if:

- * You have participated in previous Babes with Bullets™ Camps and the instructors have indicated that you are ready for the Intermediate camp.

USPSA AREA 1 CHAMPIONSHIPS: This match will take place at the Albany Rifle & Pistol Club on Friday, Saturday and Sunday, June 24-26. The camp instructors and several camper alumnae will be competing in this match and will be squadded together. If you plan to attend the match and would like to be squadded with us let me know.

INSTRUCTORS: Kay Clark Miculek and Lisa Munson. Additional instructors will be added depending on the number of registrants.

EQUIPMENT: Handgun suitable for Practical Pistol competition. Holster and magazine pouches along with competition style belt. 500 rounds of ammunition.

Loaner equipment is available to those ladies that do not have the appropriate handgun, holster, or magazine pouches. Our loaner handguns are Smith & Wesson M&P 9mm pistols. We also have BladeTech and Safariland holsters and magazine pouches for these pistols.

Campers will need a tactical belt, which comes in 1.25” or 1.5” width. These belts are available at many gun stores, Sportsman’s Warehouse, Cabella’s, and stores that sell police gear. They are also available online through supplies like Brownell’s or Dillon. Make sure the pants loops you bring can accommodate a

big belt. Campers will also need to provide their own eye and ear protection. These items can be purchased at any sporting goods store or many discount stores such as Walmart. Ear protection can be either plugs or muffs. Your prescription glasses or a pair of sunglasses are fine for eye protection. (They don't necessarily have to be "shooting" glasses.)

9mm ammunition will be available for purchase at the range.
